The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$3.6 million in funding for the Eastern Municipal Water District Well 56 PFAS Remediation Project in fiscal year 2023.

The entity to receive funding for this project is the Eastern Municipal Water District, located at 303 Perry Street, Perris CA 92571.

The funding would be used to construct a facility to restore safe and clean drinking water supplies and protect the environment by removing harmful PFAS chemicals from drinking water. Specifically, this project will provide a local potable water supply that is critically needed as California embarks on another year of severe drought. This facility serves a community that is diverse and is about one-third disadvantaged to severely disadvantaged.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mark Takano".
